## 4.23 WEST FELTON PARISH COUNCIL ANNUAL REPORT

Cllr Walker reported on the activities of the council during the year as follows:

- Some disagreements with Shropshire Council over a number of issues, including planning and release of s106 Alma Close monies.
- Shropshire Local Plan currently with the planning inspector so the outcome is still unknown but there is a risk it will be referred back and the process would then need to start again.
- Conservation Area which should hopefully be approved by Shropshire Council shortly, and would be beneficial should the village be classed as a hub under the Local Plan rather than open countryside. (The Chairman also mentioned the possibility of the parish council having a Neighbourhood Plan in order to secure more control over development in the village.)
- The parish council has commented on 29 planning applications over the last 12 months (27 last year).
- A grant was awarded to the WI for a tree and plaque to celebrate its centenary, and a grant for music to the school was approved for payment during 2023/24.
- The council's policies and procedures have been reviewed routinely.
- The council has tried to tighten the legal status as 'public open space' of the land adjacent to Tedsmore Road.
- The CIL Task and Finish Group had met during the year to prioritise CIL spending, with some of the items being implemented such as drainage work at the burial ground.
- The parish council's part of the council tax was increased very slightly for 2023/24, following the decrease in 2022/23.
